TO OUR STAKEHOLDERS

20 Years of Service

This year marked the 20th anniversary of the creation of the Ferguson Road Initiative (FRI). At the annual Board Retreat, we carefully examined the future of FRI and asked ourselves, “Is our work done? If we closed shop, who would advocate for our community? Who would communicate with the 37 neighborhoods? Who would connect, lead and empower residents of Far East Dallas?” The answer was obvious. There is no other group as uniquely equipped as FRI to lead this community into the future. As a result, the board voted unanimously to continue FRI’s mission to serve the community.

We elected a new president and hired a part-time Executive Director. We updated our mission and vision statements with the future in mind. We are confident that with FRI leadership, staff, volunteers and supporters, we will continue to make a difference in the lives of those living, working, and enjoying the natural environment in Far East Dallas. We are committed to evolving our advocacy efforts and hope with your help and continued support we can ensure an ongoing thriving community for all.

Strategic Highlights

In early 2018 the Ferguson Road Initiative Board of Directors (BOD) updated the mission and vision statements to remain relevant to the work FRI does in Far East Dallas. The Board established Seven (7) Key Imperatives for 2018 which are detailed in this report along with key accomplishments over the past 20 years!

Operational Highlights

FRI serves as a BACKBONE organization that administrates strategic partnerships and coordinates volunteers and programs to serve Far East Dallas. The Seven Key Programs of FRI include 1.) Advocacy, 2.) Communications, 3.) Community Engagement 4.) Leadership Development 5.) Crime & Safety 6.) Financial Literacy, and 7.) Economic Development

Financial Highlights

FRI is making a successful transition to a self-supporting nonprofit organization based on memberships and contributions. Over half of FRI’s support comes from memberships alone, and the rest from grants and contributions.

Looking Ahead

With the help of hundreds of ordinary citizens like you, FRI has a bright and positive future. This report contains highlights of our good work and the evidence you need to know that your membership and contributions are making a real difference right here in your community!

STRATEGIC HIGHLIGHTS

Ferguson Road Initiative (FRI) is a 501(c) 3 nonprofit, community-based, umbrella organization. Founded in 1998, the primary operations of FRI were to make the community safer. That included management of Crime Watch/public safety activities, securing much needed social services and economic development initiatives in Far East Dallas. We work ardently to “weed out crime and seed in” the resources to improve the lives of people in Far East Dallas.

Our success results from partnerships with local, state, and federal government, neighborhood and Crime Watch groups, local businesses, foundations and faith communities. In addition, local schools and nonprofits are key partners reaching the community. Together we are mastering the art of utilizing the skills and talents of our volunteers and civic leaders and discovering entrepreneurial ways to reshape and restore our community!

FRI serves as the community ombudsman, convening meetings and facilitating consensus. Our ability to provide outstanding methods of communication, connection, and advocacy keep our neighborhoods strong, thus allowing us to actively grow the economy and unify, mobilize, and lead the businesses, faith communities, schools and people in our community!

SEVEN KEY INITIATIVES

In 2018 the Ferguson Road Initiative Board of Directors (BOD) updated the mission and vision statements to remain relevant to the work FRI does in Far East Dallas. The Board established Seven (7) Key Imperatives for 2018:

1. Elect a new board President and establish Executive Director position.

- ✓ *The BOD elected a new president (Nicole Miller) and hired a p/t executive director (Vikki Martin).*

2. Increase Membership by 15%.

- ✓ *Engage Neighborhood Leaders and Volunteers. In 2018, FRI increased membership from 166 members in 2017 to 206 members in 2018, a 22% increase.*

3. Become the regional leader for the VITA & EITC Program.

- ✓ *It has been determined that FRI does not have the capacity to fund, manage, and operate its own independent VITA site. Nor do we have the resources to train volunteers needed for such a program.*
- ✓ *However, FRI does have the ability to partner with other Tax Center sites and to help recruit tax preparers, greeters, and translator volunteers for the Far East Dallas site.*
- ✓ *Through a partnership with Eastfield College - Pleasant Grove Campus, FRI participated in presenting family literacy series to students and their parents.*

4. Complete the Community Park and Recreation Center.

- ✓ *On December 1, 2018 the City of Dallas Park and Recreation Department broke ground on the White Rock Hills Park. This is a \$400,000 neighborhood park that will be Phase I of the White Rock Hills Community Recreation CENTER Project. The park will have 2 playgrounds, a pavilion, a ¼ mile loop trail, and a flexible athletic field.*
 - ✓ *Once the park is completed, then Highland Road will be reconstructed from Ferguson Road to the Primrose Senior Housing Apartment and will include sidewalks on both sides of the road, storm sewers, improved lighting, and curbing.*
-

- ✓ *There will also be a bike path created from the WRH Park that will link-up to the Trinity Forest Spine Trail and the city-wide trail system, thus connecting our isolated neighborhoods to the rest of Dallas.*

5. Help launch Owenwood Farm and Neighborhood Space (OFNS).

- ✓ *FRI worked throughout the year with OFNS leadership to help solidify their mission, vision and values. We worked with the Dallas County Community College District who donated ½ day compression planning services that helped identify programs and partners.*
- ✓ *We also began work with La Piana Consulting services who is helping OFNS develop their governance model.*

6. Develop a public safety initiative to train community leaders.

- ✓ *FRI is partnering with Truett Crimewatch to begin a pilot quarterly program that will bring crime prevention and public safety services to the Far East Dallas area. The first program was held in September 2018.*

7. Create an ad hoc committee to research the feasibility of becoming a PID, TIF or Neighborhood Empowerment Zone.

- ✓ *Our study indicates that a PID and TIF are not feasible currently for FRI. Our team who created this study recommended that the lower Ferguson Road corridor consider becoming a new City Neighborhood Empowerment Zone, like the Casa View community.*
- ✓ *Further research led our Economic Development Committee to wait and see how this program works for the Casa View area before applying for consideration.*

In December 2018 the City of Dallas Park Department broke ground on the White Rock Hills Park, Phase I of the future White Rock Hills Community Recreation CENTER.

FINANCIAL HIGHLIGHTS

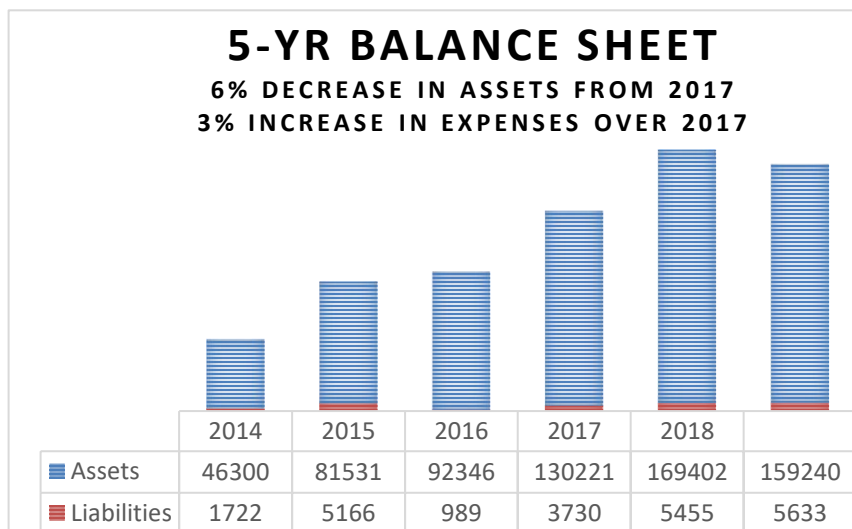

(Data from 990 filed with IRS)

Over half of FRI's support comes from its members in the form of monthly support and annual gifts.

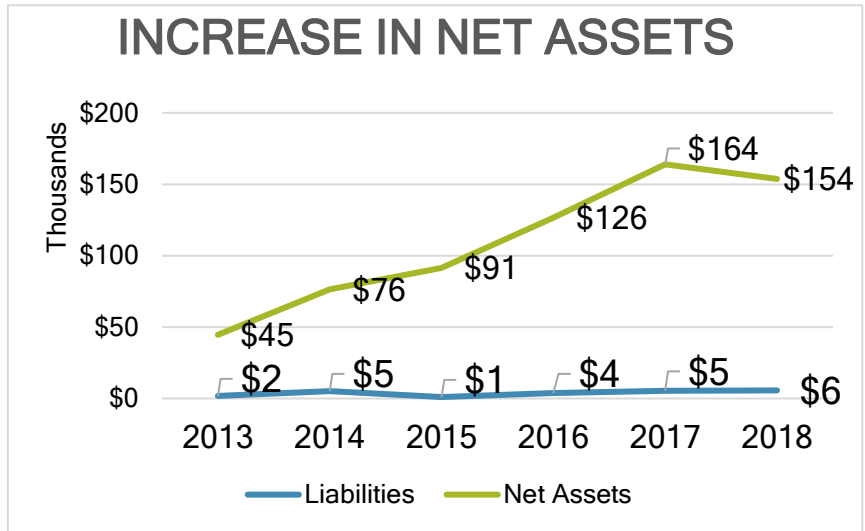

One-third of FRI's supports comes from contributions by public and private sources.

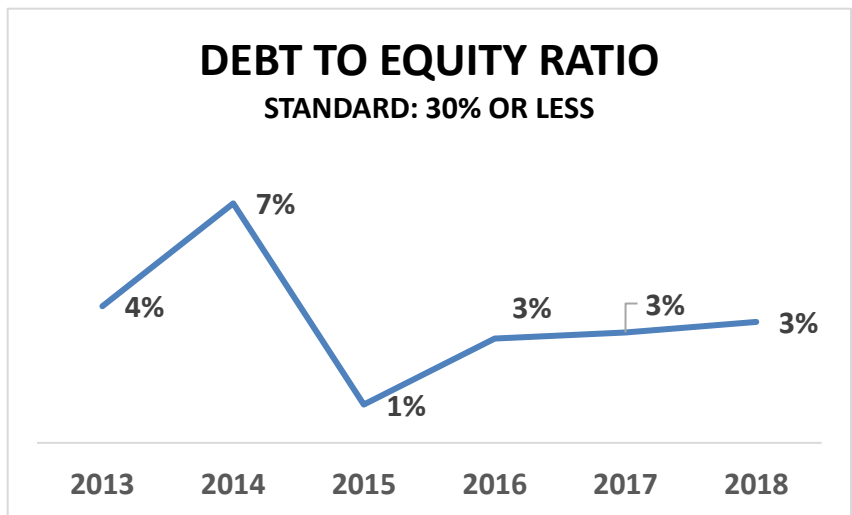

FRI serves as a BACKBONE organization that administrates partnerships and coordinates volunteers and programs for over 30 neighborhood and crime watch groups.

FRI is making a successful transition from a government service provider, thru Weed and Seed to an independent, membership organization!

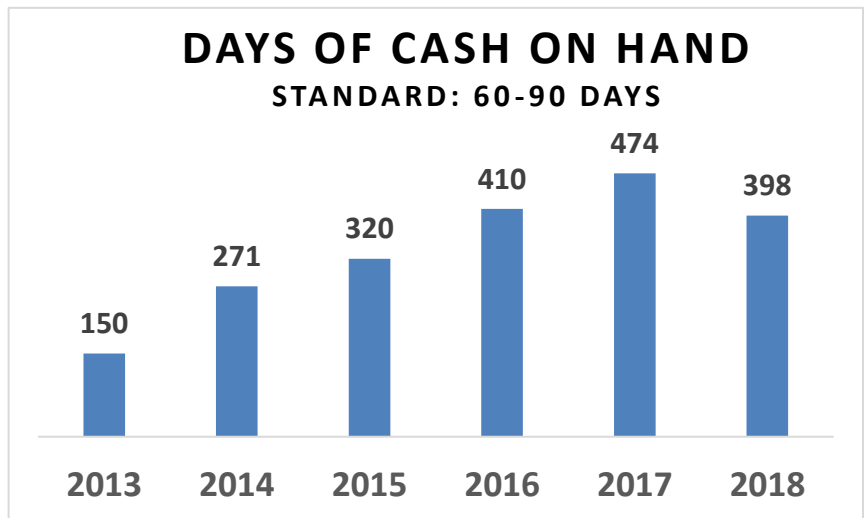

There was a slight dip in assets in 2018, however, over the past six years FRI has seen steady growth.

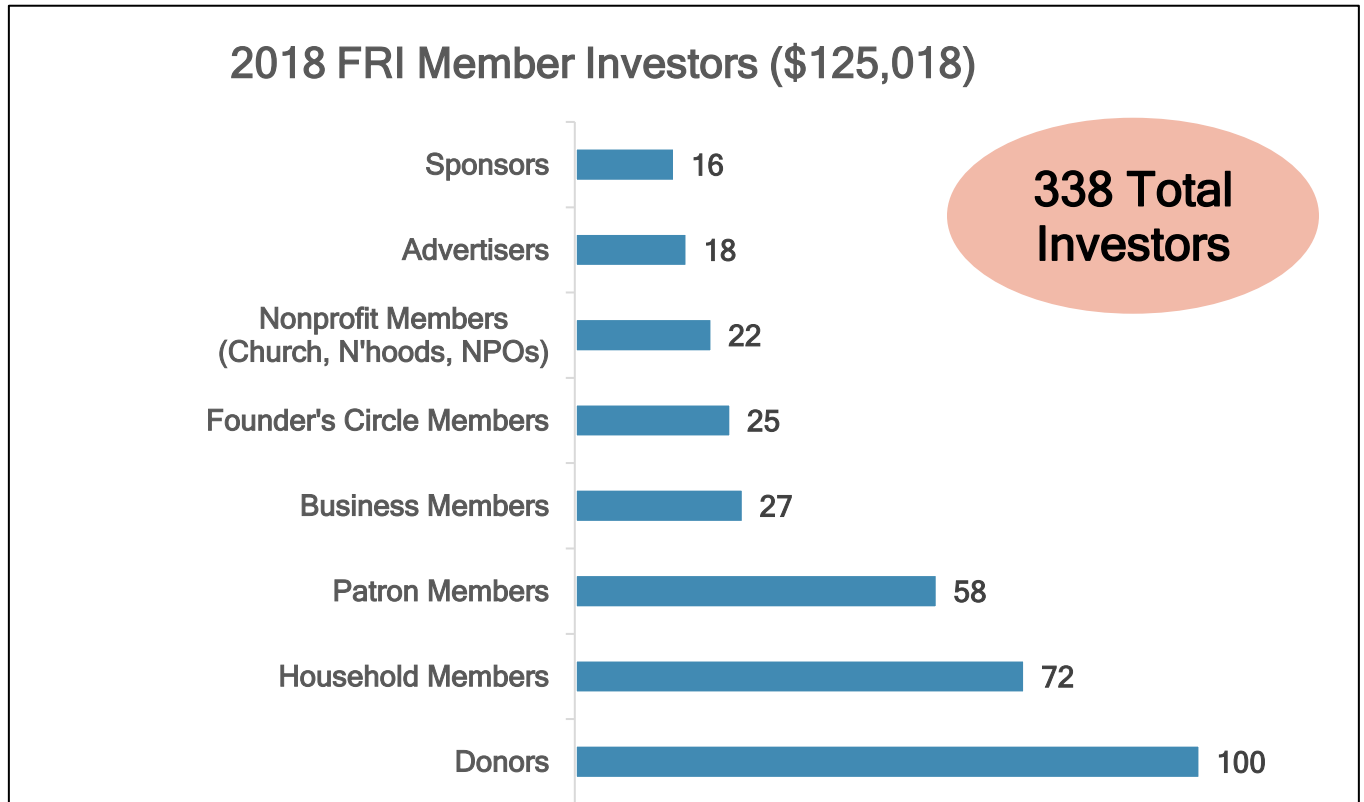

At 3%, FRI is well under the accepted nonprofit standard debt to equity ratio of 30% or less.

At 398 days of cash on hand, FRI exceeds the standards of 60 - 90 days. These funds would sustain operations if contributions/memberships were temporarily down.
